

FOREIGN ANIMAL DISEASE PREPAREDNESS

WHAT TO EXPECT AND HOW TO PREPARE

The Iowa Department of Agriculture and Land Stewardship and Iowa State University are inviting livestock producers (and veterinarians) to a FREE interactive workshop.

ATTENDEES WILL LEARN:

- what to expect if Foot and Mouth Disease or African Swine Fever is found in the U.S.
- how long movement could stop and the requirements to move animals once movement restarts
- how to protect their animals from diseases
- daily health monitoring strategies in an outbreak

DATES/LOCATIONS 8:30AM-3:30PM

February 7th (Washington)
12th (Ames)
26th (Nashua)

March 5th (Sioux Center)
12th (Carroll)

A FREE LUNCH is provided so please pre-register by emailing fad@iowaAgriculture.gov or call (515)281-5321
